PRINCIPAL'S MESSAGE  
(repeated by request)

A great writer once wrote, "The difference between average people and top people is that top people did what was expected of them--and then some more." The meaning of this statement is quite clear. Too many of us spend our time doing as little as possible, rather than maximizing our efforts and experiencing the true fruition of our innate abilities.

It is my fervent hope that your years at Huntington Intermediate School have been inspiring and motivating to you in your scheme to develop to the fullest your dreams, your ambitions, and your life. The words ambition, dreams and life sound like words from the never-never land of a fairy tale. But, they can become meaningful parts of your lives if you strive for excellence, set a straight course and don't let the tides of despair, neglect and stagnation be a hinderence to your fulfillment.

One Senior High School graduating class selected for their motto "Less Than Our Best Is Failure." If all of you take this motto seriously, no one will ever be able to say that the members of the Freshman class of 1977-78 shirked their duties and lost their sense of direction.

Life is yours and no one can live it for you. The best that mom, dad and others can do for you is provide encouragement, wisdom, advice, love and necessities. You must have the internal fortitude to grab life, shape it, mold it, do your best, and accept the finished product without blame or guilt.

*Algie Pittetford*

# DRAMA

The Drama Department, under the able direction of Mrs. Kathy Bentley, had a very successful year which was shared by many students as well as teachers. Two major productions, one at Christmas and the other at Halloween, were part of the many projects they undertook. The students also studied such areas as pantomime and variety show production.
